

Amendments to the Abstract:

In the English translation document, please add the abstract at page 14 line 1, as follows:

--ABSTRACT

Disclosed is a method for storing process signals of a plant or technical installation. A compression method is adapted for a current operating state of the plant is applied to the set of process signals in accordance with the current operating state of the plant and a compressed process signal set which is determined during the application of the compression method is stored.--

A clean copy of the Abstract that incorporates the above amendments is provided herewith on a separate page.
